

This is a list of the layers which you can choose to add to Te Kete Kōrero a Te Takutai Moana Information Hub (Kōrero Takutai) using the 'Add data' window. Each layer is briefly described below. The information includes the organisation that created the layer, and the source of the data. You can add layers by searching for the full layer name or one of the search tags listed. Many of these layers will also have 'sub-layers' which will be added to the map. Sub-layers can be turned on or off in the layer list window, in the same way that normal layers can.

Hint: if you are looking for data in a specific area, try searching for the relevant regional council. This will bring up results for every layer that has information in that region.

To see any further details about each of these layers, click on the details button next to the layer in the 'Add data' window. The year or date stated in the heading of the layer indicates the year in which the data was obtained. If no date is stated, the layer is real-time data.

If you have any questions about the operation of Kōrero Takutai, please contact the team at korero.takutai@tearawhiti.govt.nz

Abutting Land Classification (2014) – Linear

Source organisation	Geospatial Solutions Ltd
Data source	Land Information New Zealand Parcel Data 2014
Description	Displays, as a line around the coast, the ownership classification of the land parcels that abut the coast.
Search tags	abutting land classification, abutting land, land ownership, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ.

Abutting Land Classification (2014) – Polygons

Source organisation	Geospatial Solutions Ltd
Data source	Land Information New Zealand Parcel Data 2014
Description	Displays, as colour coded land parcels, the ownership classification of the land parcels that abut the coast. Where this is classified as Crown owned land, it also shows the ownership status of the next parcel back from the coast.
Search tags	abutting land classification, abutting land, land ownership, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ, land parcels

CMA Classification

Source organisation	Jacobs
Data source	Land Information New Zealand Parcel Data 2014
Description	Ownership classification of coastal marine area parcels.
Search tags	classification of coastal marine area, CMA, Kōrero Takutai, land parcels, marine parcels, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ.

Common Marine Area Line Data (March 2006)

Source organisation	Geospatial Solutions Ltd
Data source	Department of Conservation agreements
Description	Line representation of common marine area boundaries, as taken from Department of Conservation agreements. Last updated in March 2006.
Search tags	common marine area, CMA, Kōrero Takutai, Bay of Plenty, Canterbury, Gisborne, Otago, Waikato, West Coast.

Common Marine Area Point Data (March 2006)

Source organisation	Geospatial Solutions Ltd
Data source	Department of Conservation agreements
Description	Point/dot representation of common marine area boundaries, as taken from Department of Conservation agreements. Last updated March 2006.
Search tags	common marine area, CMA, Kōrero Takutai, Auckland, Canterbury, Hawke's Bay, Horizons, Nelson, Marlborough, Tasman, Northland, Southland, Taranaki, Wellington, West Coast.

DOC Campsites

Source organisation	Department of Conservation
Data source	Department of Conservation
Description	Campsites (serviced and unserviced) on Public Conservation Land managed by the Department of Conservation. This data is a live import from the Department of Conservation.
Search tags	DOC, recreation, tramping, camping, tent, campsite, campground, campervan, caravan

DOC Huts

Source organisation	Department of Conservation
Data source	Department of Conservation
Description	Huts and bivvies on Public Conservation Land maintained and managed by the Department of Conservation. This data is a live import from the Department of Conservation.
Search tags	DOC, recreation, hut, bivvy, great walk, tramping

DOC Marine Reserves

Source organisation	Department of Conservation
Data source	Department of Conservation
Description	Extent of marine reserves in territorial waters of New Zealand, as administered by the Department of Conservation. This data is a live import from the Department of Conservation.
Search tags	DOC, DOC Areas, marine, reserve, marine conservation.

DOC Public Conservation Land

Source organisation	Department of Conservation
Data source	Department of Conservation
Description	Public Conservation Land is land administered by the Department of Conservation under its legislative obligations to achieve a long-term conservation of nature with associated ecosystem and cultural values. This data is a live import from the Department of Conservation.
Search tags	DOC, public conservation areas, DOC areas, Chatham Islands, Sub-Antarctic Islands.

DOC Sanctuaries to Protect Marine Mammals

Source organisation	Department of Conservation
Data source	Department of Conservation
Description	Extent of the areas defining Marine Mammal Sanctuaries for the protection of whales, dolphins, seals and sea lions administered by the Department of Conservation. This data is a live import from the Department of Conservation.
Search tags	DOC, DOC areas, sanctuaries, marine, conservation, marine mammals, protection.

DOC Tracks

Source organisation	Department of Conservation
Data source	Department of Conservation
Description	Tracks maintained and managed by the Department of Conservation. This data is a live import from the Department of Conservation.
Search tags	DOC, tracks, walks, recreation.

LINZ Depth Contours (June 2019)

Source organisation	Land Information New Zealand
Data source	LINZ Depth contour polylines
Description	Lines connecting points of equal water depth which is sometimes significantly displaced outside of soundings, symbols and other chart detail for clarity as well as generalization. Depth contours, therefore, often represent an approximate location of the line of equal depth as related to the surveyed line delineated on the source. Also referred to as depth curve. Displays depth contours around New Zealand at varying scales. As you zoom in and out, the appropriate scaled layer will automatically display for you. Please note that the maximum scale data is accurate to is 1:4,000, and the minimum scale is 1:1,500,000.
Search tags	LINZ, land parcels, land, parcels, primary, secondary, tertiary, hydro, road, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, Chathams, all of NZ

LINZ Parcel Data 2014

Source organisation	Land Information New Zealand
Data source	Land Information New Zealand Parcel Data 2014
Description	Land Information New Zealand primary land, road and hydro parcels, and secondary and tertiary land parcels, current as at May 2014.
Search tags	LINZ, land parcels, land, parcels, primary, secondary, tertiary, hydro, road, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ

MACA Application Areas (June 2019)

Source organisation	The Office for Māori Crown Relations – Te Arawhiti
Data source	Ministerial determination applications under the MACA Act
Description	Representations of Marine and Coastal Area Act (Takutai Moana) 2011 applications made to the Minister. The application areas are split into groups to optimise display on the map but the groups have no other meaning. Applications have been displayed as accurately as possible given the information provided. The areas displayed should be treated as approximate and not final, unless otherwise stated.

Search tags	Ministerial determination, MACA Act, MACA, applications, Crown engagement, Takutai Moana, CMT, PCR, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ, iwi, hapū, whānau
--------------------	---

MACA High Court Applications (June 2017)

Source organisation	The Office for Māori Crown Relations – Te Arawhiti
Data source	Crown Law Office
Description	Representations of the High Court applications under the Marine and Coastal Area Act (Takutai Moana) 2011 as displayed in the 30 June 2017 High Court Maps and Annexures.
Search tags	MACA Act, MACA, applications, MACA applications, High Court, Takutai Moana, CMT, PCR, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ, iwi, hapū, whānau.

Māori Land Court Spatial Data (May 2017)

Source organisation	Ministry of Justice
Data source	Ministry of Justice and Ministry for Primary Industries
Description	The Māori Land Spatial Dataset is a combination of the spatial data available in the Map Search section of the Ministry of Justice (MOJ) Māori Land Online website and static data about management structures from the MOJ Māori Land Information System.
Search tags	Kōrero Takutai, māori land court, māori land online, land, land parcels, ownership, māori land, MLIS, māori land information system, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ, iwi, hapū, whānau.

MPI Beachcast Seaweed Restrictions 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	Locations where seaweed gathering is restricted, as defined by the Fisheries (Beach Cast Seaweed Area Prohibition) Notice 2002, Amendment Notice 2004, Amendment Notice 2005 and Amendment Notice 2009. Includes two sublayers: MPI Beachcast Seaweed Take Prohibited, MPI Beachcast Seaweed Take Permitted.
Search tags	MPI, fisheries restrictions, beachcast seaweed, Kōrero Takutai, marine activities, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay,

	Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ
--	--

MPI Fisheries Restrictions Amateur Restrictions 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	Collection of sub-layers showing amateur fishing restrictions for specific management areas. Includes the following sub-layers: Central Amateur Regulations Line, Southeast Amateur Regulations Line, Southland Subantarctic Amateur Restrictions, Southeast Amateur Restrictions Poly, Auckland Kermadec Amateur Restrictions, Central Amateur Restrictions, Challenger Amateur Restrictions.
Search tags	MPI, fisheries restrictions, amateur restrictions, Kōrero Takutai, fishing regulations, management areas, marine activities, fishing, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast.

MPI Management Aquaculture 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	Collection of sub-layers showing previous and current marine farm applications, and aquaculture settlement areas. The Marine Farms layers are a collection of marine farm data from various sources with most data compiled in mid-2000's. Includes the following sub-layers: MPI Aquaculture Settlement Areas (data in Canterbury, Marlborough, Nelson, Northland, Tasman and Waikato), MPI Previous Marine Farms (data in Marlborough, Nelson, Northland, Southland, Tasman and Waikato), MPI Previous Marine Farm Applications (data in Canterbury, Marlborough, Nelson, Northland, Tasman and Waikato), MPI Current Marine Farms (data in Auckland, Bay of Plenty, Canterbury, Hawke's Bay, Marlborough, Nelson Northland, Southland, Tasman, Waikato, Wellington and West Coast), MPI Current Marine Farm Applications Declined (data in Bay of Plenty, Marlborough, Nelson, Tasman and Waikato), MPI Current Marine Farm Applications (data in Auckland, Canterbury, Marlborough, Nelson, Northland, Southland, Tasman, Waikato and Wellington).
Search tags	MPI, aquaculture management, aquaculture, marine activities, marine farms, aquaculture settlements, māori, iwi, hapū, whānau, Auckland, Bay of Plenty, Canterbury, Hawke's Bay, Marlborough, Nelson, Northland, Southland, Tasman, Waikato, Wellington, West Coast.

MPI Management Aquaculture Iwi Considerations 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	Collection of sub-layers showing iwi considerations for aquaculture management. For further details on each of the sub-layers, click on the details link next to the layer in the 'Add data' window. Includes the following sub-layers: MPI Taiapure, MPI s186 Temporary Closures, MPI Rohe Moana, MPI Mātaitai Reserve, MPI Iwi Fisheries Protocol Areas. Please note that not all regions will have data present in each of these sub-layers.
Search tags	MPI, aquaculture management, iwi considerations, Taiapure, s186 temporary closures, rohe moana, mātaitai, fisheries protocol, marine activities, fishing, fishing regulations, Ngāi Tahu, Waikato-Tainui.

MPI Management Aquaculture Marine Area Uses 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	Collection of sub-layers showing coastal sewer outfall and analysis of an aerial survey of intensity of recreational fishing. Aerial survey recreational fishing efforts were completed by NIWA on behalf of Ministry of Fisheries to spatially describe the relative intensity of recreational fishing. Sewer Outfalls sub-layer includes long sea outfalls, near shore outfalls and estuary outfalls that occur around the New Zealand coastline. Other types of wastewater discharge are not included i.e. groundwater, river, land. Please note that not all regions will have data present in each of these sub-layers.
Search tags	MPI, aquaculture management, marine area uses, Kōrero Takutai, marine activities, fishing intensity, outfalls, NIWA, fishing, sewer outfall, Mfish, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Waikato, Wellington, West Coast.

MPI Management Fisheries Restrictions 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	Collection of sub-layers showing fishing restrictions across the country due to conservation/protection efforts. Includes the following sub-layers: MPI Wildlife Act, MPI Marine Parks, MPI Benthic Protection Areas. See the layer details link in the 'Add data' window to see more information about this data.

Search tags	MPI, management, fisheries restrictions, Kōrero Takutai, marine activities, fishing, conservation, protection, restrictions, legislation, wildlife, wildlife act, marine parks, benthic protection areas, benthic zone, ecology, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ.
--------------------	--

MPI Management Fisheries Restrictions Grouped Commercial 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	<p>Collection of sub-layers containing commercial fishing restrictions for specific fisheries management regions. This data was loosely based upon mapping undertaken by the Department of Conservation as published December 2004 in 'Area-based restrictions in the New Zealand marine environment', it has been updated and Quality Assured by MPI before Te Arawhiti obtained it in 2014.</p> <p>Includes the following sub-layers: MPI Scallop Restrictions, MPI Dredging Restrictions, MPI Trawling over 46m Prohibited, MPI Trawl Prohibitions, MPI Total Prohibitions, MPI Shellfish Restrictions, MPI Shellfish Prohibitions, MPI Set Netting Restrictions, MPI Set Netting Prohibitions, MPI Scallop Prohibitions, MPI Oyster Restrictions, MPI Oyster Prohibitions, MPI Drag Netting Restrictions. Each of these sub-layers has data available in different regions, please see the Details link next to the layer name in the 'Add data' window for more information.</p>
Search tags	MPI, fisheries restrictions, grouped commercial restrictions, Kōrero Takutai, fishing, fisheries, commercial fishing, commercial restrictions, prohibitions, scallop, dredging, trawling, shellfish, set netting, oyster, drag netting, marine activities.

MPI South Island Fisheries Waters 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	Boundaries of the 'South Island Fisheries Waters' as defined on Allocation Plan NT 506 (SO19902), part of the Fisheries (South Island Customary Fishing) Regulations 1999. The northern co-ordinates of the boundary were plotted according to the specific locations given. The EEZ portion of the 'South Island Fisheries Waters' was copied from the Ministry for Primary Industries EEZ layer.
Search tags	MPI, South Island Fisheries Waters, Kōrero Takutai, South Island, fisheries waters, fishing, marine activities, EEZ, exclusive economic zone,

	legislation, Canterbury, Marlborough, Nelson, Otago, Southland, Tasman, Wellington, West Coast.
--	---

MPI Submarine Cables Pipelines 2014

Source organisation	Ministry for Primary Industries
Data source	National Aquatic Biodiversity Information System
Description	This layer contains the Submarine Cable and Pipeline Protection aspects of mapping undertaken by the Department of Conservation as published December 2004 in 'Area-based restrictions in the New Zealand marine environment'. This report should be consulted where more detail regarding this data is required. Additional closures have been added to the layer since its development in 2004 as they were put into legislation.
Search tags	MPI, submarine cables and pipelines, Kōrero Takutai, submarine, cables, pipelines, pipes, Auckland, Hawke's Bay, Marlborough, Nelson, Taranaki, Tasman, Waikato, Wellington, DOC, NABIS.

NZPAM Minerals Permits

Source organisation	Ministry of Business, Innovation and Employment
Data source	New Zealand Petroleum and Minerals, Minerals Permit Webmaps
Description	Real time data showing all current minerals permits and applications in New Zealand. Information taken directly from Ministry of Business, Innovation and Employment's minerals webmap viewer.
Search tags	minerals permits, minerals, permits, offshore permits, marine activities, offshore, mining, exploration, prospecting, MBIE, NZPAM, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ.

NZPAM Petroleum Permits

Source organisation	Ministry of Business, Innovation and Employment
Data source	New Zealand Petroleum and Minerals, Petroleum Permit Webmaps
Description	Real time data showing all current petroleum permits, applications and Block Offers in New Zealand. Information taken directly from Ministry of Business, Innovation and Employment's petroleum webmap viewer.
Search tags	petroleum, wells, permits, permit applications, block offer, prospecting, MBIE, NZPAM, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ.

Regional Council Coastal Consents

Source organisation	various local authorities responsible for resource consents across the country
Data source	various local authorities responsible for resource consents across the country
Description	Data provided to us by regional councils either in 2014/2015 or 2019. To find a specific region's coastal resource consents, search the council's name in the 'Add data' window. The month and year which the data was provided will be included in the layer name. For some regions, coastal resource consents could not be separated from other resource consents. In these regions, resource consents up to 500m inland are also displayed. This will be noted in the layer name. Note: accessing data through Kōrero Takutai may not provide the full manipulation possibilities that would be available to you via the original Local Authority's portal.
Search tags	resource consent, coastal, Korero Takutai, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ

River Mouth Line Data (March 2006)

Source organisation	Geospatial Solutions Ltd
Data source	Department of Conservation agreements
Description	River mouth lines extracted from Department of Conservation agreements, last updated March 2006.
Search tags	river mouth, Kōrero Takutai, rivers, DOC, Bay of Plenty, Canterbury, Gisborne, Otago, Southland, Waikato.

River Mouth Point Data (March 2006)

Source organisation	Geospatial Solutions Ltd
Data source	Department of Conservation agreements
Description	River mouth point data extracted from Department of Conservation agreements, last updated March 2006.
Search tags	river mouth, Kōrero Takutai, rivers, DOC, Auckland, Hawke's Bay, Horizons, Northland, Wellington.

TPK Marae Layer

Source organisation	Te Puni Kōkiri
Data source	Local and Central Government Departments, Te Kāhui Māngai, and Iwi/Hapū websites
Description	<p>This shapefile contains Tribal, Urban, Institutional, and Historic Marae of New Zealand.</p> <p>Sourced and cross-referenced from Local & Central Government Depts, Te Kāhui Māngai (TKM), Iwi/Hapū websites. Please send any feedback/corrections to tpkmaps@tpk.govt.nz. This information is a live feed from TPK.</p>
Search tags	Kōrero Takutai, marae, TPK, māori, iwi, hapū, whānau, TKM, Te Kāhui Māngai, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ

Walking Access Commission Public Access Data 2014

Source organisation	Walking Access Commission
Data source	Walking Access Commission
Description	<p>Collection of sub-layers showing public access areas across New Zealand, provided by the Walking Access Commission as at 2014. Includes the following sub-layers: Point Features, Tracks and other linear features, Roads, Marginal Strip, Esplanade Reserve, Crown Land, Conservation Land.</p>
Search tags	Walking Access Commission, public access, Kōrero Takutai, fishing, historic places, hunting access, signage points, legal access nodes, surf lifesaving clubs, tracks, public reserve, roads, marginal strip, esplanade reserve, crown land, conservation land, Auckland, Bay of Plenty, Canterbury, Gisborne, Hawke's Bay, Horizons, Marlborough, Nelson, Northland, Otago, Southland, Taranaki, Tasman, Waikato, Wellington, West Coast, all of NZ.
