# Overview

The Office for Māori Crown Relations – Te Arawhiti was established as a departmental agency on 1 January 2019. Te Arawhiti was created to consolidate a range of distinct but related government functions that support Māori Crown partnerships and help the Crown build on the sense of renewal in Māori Crown relations established through the Treaty settlement process.

Te Arawhiti comprises of:

- Te Kāhui Whakatau (Treaty Settlements);
- Te Kāhui Takutai Moana (Marine and Coastal Area);
- Te Kāhui Whakamana (Settlement Commitments);
- Te Kāhui Hīkina (Māori Crown Relations); and
- Te Hāpai Ō Policy and Operations.

This report brings together information on the key outputs of Te Kāhui Whakatau (Treaty Settlements) for the twelve-month period ending 30 June 2020.

Te Kāhui Whakatau (Treaty Settlements) negotiates settlements of historical Treaty of Waitangi claims (claims relating to Crown acts and omissions prior to 21 September 1992) on behalf of the Crown. There are numerous claimant groups from around the country currently involved in negotiations with the Crown, or in pre-negotiation discussions. The map and tables on the following pages provide an overview of these.

Along with several other government departments, Te Kāhui Whakatau (Treaty Settlements) has an ongoing role in the implementation of the settlements agreed to date. This includes transferring settlement properties, farms and forest land, putting agreed settlement instruments into effect and monitoring the Crown's compliance with obligations under the deeds of settlement.

Properties surplus to Crown requirements are available as potential redress in Treaty Settlements. Land Information New Zealand manages this property portfolio. Properties that are not used for settlement purposes are sold on the open market once the relevant settlements have been agreed. Te Kāhui Takutai Moana has responsibility for the implementation and administration of the Marine and Coastal Area (Takutai Moana) Act 2011 (te Takutai Moana Act). Te Kāhui Takutai Moana lead implementation and engagement with applicants on the recognition of customary rights, work with the Crown Law Office for applications considered by the High Court, and provide advice to the Minister of Treaty of Waitangi Negotiations.

Applications for recognition of customary interests under te Takutai Moana Act closed on 3 April 2017. Close to 500 applications were received, and of these approximately:

- 203 were for determination by the High Court;
- 382 were for determination by the responsible Minister, of these 175 also applied for a High Court determination.

As well as providing a statutory framework for determining whether customary rights exist in the common marine and coastal area, te Takutai Moana Act also provides for the legal arrangements and the general management of the area. This includes roads, minerals, structures, access, navigation and recreation rights, and reclaimed land.

Te Kāhui Takutai Moana also administer applications for customary marine title under the Ngā Rohe Moana o Ngā Hapū o Ngāti Porou Act 2019. Part of this Act provides a framework to apply for recognition of customary rights within ngā rohe moana o ngā hapū o Ngāti Porou.

## Claimant Funding

In 1997 the government amended its policy so that claimant funding was paid separately from negotiated settlement redress. For settlements prior to this, claimant funding was deducted from the negotiated settlement redress. The amount of money paid as claimant funding differs for each group depending on the stage they have reached in the negotiation process, the size of the claimant group, and the complexity of the issues negotiated.

From 1 January 1996 to 30 June 2020 \$103.078 million was paid in various types of claimant funding. In the twelve months ending 30 June 2020 \$4.433 million was paid as claimant funding.

**Note:** These figures do not include some payments made to Te Ariki, Te Whanganui a Orotū, Tūhourangi, Waimakuku, Waiwhetu and Ngāti Rangatahi (totalling \$100,103). Additional payments, including ex gratia/one-off payments, have been made from specific appropriations.

## Spending by Appropriation

For the twelve months ending 30 June 2020, Te Kāhui Whakatau (Treaty Settlements) spent \$33.120 million against a departmental budget of \$35.938 million. The following table details what this appropriation is spent on.

APPROPRIATION	COMMENTS
Treaty Negotiations and Marine and Coastal Area (Takutai Moana) Act \$35.938 million	<p>This appropriation includes:</p> <ul style="list-style-type: none"> <li>• provision of advice to support decision making by Ministers on government policy matters relating to Treaty negotiations and the Marine and Coastal Area (Takutai Moana) Act 2011;</li> <li>• costs relating to Crown representation in the Waitangi Tribunal and in the Courts on matters concerning Treaty claims, and associated research into historical Treaty grievances to support representation;</li> <li>• costs relating to the negotiation and implementation of historical Treaty claims, and the administration and implementation of the Marine and Coastal Area (Takutai Moana) Act 2011.</li> </ul> <p>Actual expenditure in this appropriation to 30 June 2020 was \$33.120 million against a budget of \$35.938 million.</p>

## Property Portfolio Information

Te Kāhui Whakatau (Treaty Settlements) operates a mechanism to protect surplus Crown, District Health Board and Crown Research Institute land for potential use in settling historical Treaty of Waitangi claims. When the land is declared surplus, Māori are invited to express an interest in the Crown purchasing the surplus land. If the Crown agrees that the property meets the protection mechanism criteria, it will be purchased and held in a regional landbank until a Treaty settlement is signed.

Properties held in the Treaty Settlements Landbank are managed and maintained by Land Information New Zealand. Details of the protection mechanism process and a list of properties held in Regional Landbanks is contained on the following website:

[www.lin.govt.nz/treaty-settlements-landbank-protection-mechanism](http://www.lin.govt.nz/treaty-settlements-landbank-protection-mechanism)

In the twelve month period ending 30 June 2020, 13 properties were purchased for potential use in historical Treaty settlements, 26 properties were disposed of leaving the total value of the property portfolio (by acquisition value) at \$223.774 million (excluding GST) or \$232.365 million (including GST). The current market value of the property portfolio as reported in the Crown financial statements at 30 June 2020 is \$467.974 million excluding GST (net book value).
