Overview

This report brings together information on the key outputs of the Office of Treaty Settlements (OTS) for the six month period ending 31 December 2015.

OTS negotiates settlements of historical Treaty of Waitangi claims (claims relating to Crown acts and omissions prior to 21 September 1992) on behalf of the Crown. There are numerous claimant groups from around the country currently involved in negotiations with the Crown, or in pre-negotiation discussions. The map and tables on the following pages provide an overview of these.

Along with several other Government departments, OTS has an ongoing role in the implementation of the settlements agreed to date. This includes transferring settlement properties, farms and forest land, putting agreed settlement instruments into effect and monitoring the Crown's compliance with obligations under the Deeds of Settlement.

OTS also manages surplus Crown properties that are available for settlement redress. Properties that are not used for settlement purposes are sold on the open market once the relevant settlements have been agreed.

OTS has the responsibility for the implementation and administration of the Marine and Coastal Area (Takutai Moana) Act 2011 which came into force on 1 April 2011. OTS engages with applicant groups under the Act for recognition agreements and supports the Crown Law Office with representation of the Crown in applications to the High Court for recognition orders under the Act.

As well as providing a statutory framework for determining whether customary rights exist in the common marine and coastal area, the Act also provides for the legal arrangements and the general management of the area. This includes roads, minerals, structures, access, navigation and recreation rights, and reclaimed land.

For current information on applications under the Marine and Coastal Area (Takutai Moana) Act 2011, please refer to the following website: www.justice.govt.nz/maca

Claimant Funding

In 1997 the government amended its policy so that claimant funding was paid separately from negotiated settlement redress. For settlements prior to this, claimant funding was deducted from the negotiated settlement redress. The amount of money paid as claimant funding differs for each group depending on the stage they have reached in the negotiation process, the size of the claimant group, and the complexity of the issues negotiated.

\$72.759 million was paid in various types of claimant funding from 1 January 1996 to 31 December 2015. In the six months ending 31 December 2015, \$2.763 million was paid as claimant funding.

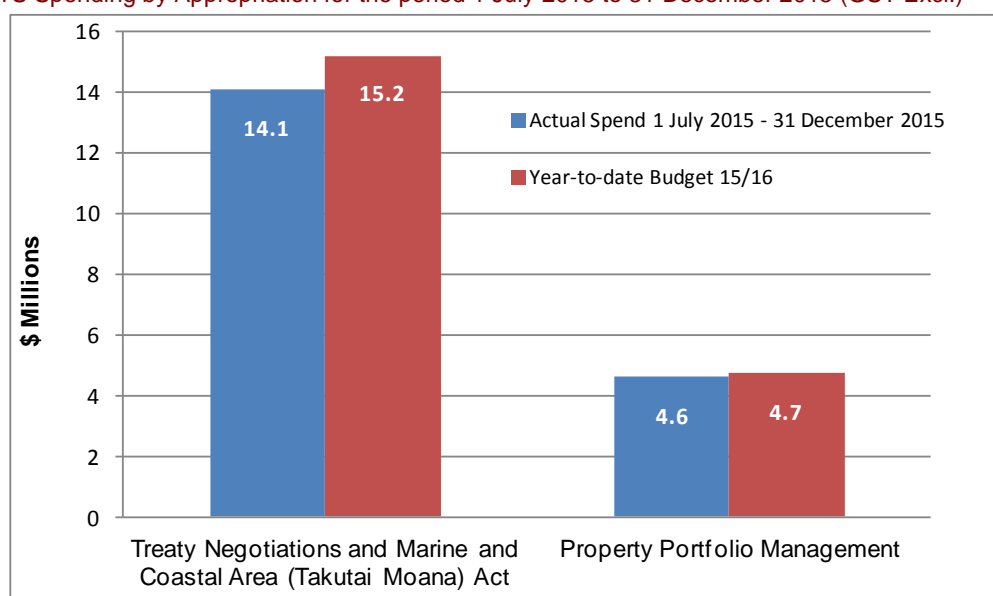

Note: These figures do not include some payments made to Te Ariki, Te Whanganui a Orotu, Tūhourangi, Waimakuku, Waiwhetu, Ngāti Manuhiri, and Ngāti Rangatahi (totalling \$107,603). Additional payments, including ex gratia/one-off payments, have been made from specific appropriations.

Spending by Appropriation

For the six months ending 31 December 2015, OTS spent \$18.689 million against a departmental budget of \$19.938 million. The following table shows actual spending by appropriation:

Property Portfolio Information

The Office of Treaty Settlements operates a mechanism to protect surplus Crown, District Health Board and Crown Research Institute land for potential use in settling historical Treaty of Waitangi claims. When the land is declared surplus, Māori are invited to express an interest in the Crown purchasing the surplus land. If the Crown agrees that the property meets the protection mechanism criteria, the Office of Treaty Settlements will purchase the property and hold it in a regional landbank until a Treaty Settlement is signed.

Details of the protection mechanism process and a list of properties held in Regional Landbanks is contained on the Office of Treaty Settlements website: <http://crownassets.ots.govt.nz/>. The Office of Treaty Settlements contracts a property management company to assist with the day to day management of the landbanked properties.

In the six month period ending 31 December 2015, OTS purchased 2 properties for potential use in historical Treaty settlements, 33 properties were disposed of, leaving the total value of the property portfolio (by acquisition value) at \$268.982 million (excl. GST) or \$283.158 million (incl. GST).

The current market value of the property portfolio as reported in the Crown financial statements at 31 December 2015 is \$388.525 million excluding GST (net book value).
